

## RoHS Certificate of Compliance

As to the directive of 2002/95/EC of the European Parliament and the Council of 27 January, 2003 on the restriction of the use of hazardous substances in electrical and electronic equipment, Custom Interconnects, operating in Denver, Colorado USA, hereby declares that our products are in conformance. The RoHS directive becomes effective on 1 July, 2006 and will restrict the use of 6 substances, as listed below, within electrical and electronic equipment from the effective date forward.

Hazardous Substances and quantity limits as defined by the RoHS directive of any homogenous material:

1. Lead (Pb) and its compounds, not allowed in excess of 0.1 weight% (1000ppm)
2. Mercury (Hg) and its compounds, not allowed in excess of 0.1 weight% (1000ppm)
3. Hexavalent Chromium compounds (Cr VI), not allowed in excess of 0.1 weight% (1000ppm)
4. Polybrominated biphenyls (PBB) and Polybrominated Diphenyl Ethers (PBDE), such as Pentabromodiphenyl Ether or Octabromodiphenyl Ether, not allowed in excess of 0.1 weight% (1000ppm)
5. Cadmium (Cd) and its compounds, not allowed in excess of 0.1 weight% (1000 ppm)

**Custom Interconnects certifies, to the best of our knowledge and based on the information available, that our products comply with the maximum allowable concentrations stated above.**
